PROFESSIONAL SUMMARY

I am a 21 year old student currently enrolled at the University of Guelph in the Honours Computer Science (Co Op) program with a minor in Business Administration. In my career I believe it is important to always seek challenges and new opportunities. To help meet this ambition I strive to continually improve my professional skillset while working in environments that continually challenge me to do so.

RELEVANT QUALIFICATIONS

- Proficient in C Programming with multiple years of experience on projects in Linux work environments.
- Experience with compiler tools such as gcc as well as makefiles.
- Experience with object oriented programming in Java.
- Moderate knowledge of assembly language through coursework.
- Beginner-Intermediate knowledge of HTML, CSS and SQL.
- Beginner-Intermediate knowledge of Bash scripting.
- Able to juggle a myriad of responsibilities simultaneously with a full course load as well as a part time job.
- Area of Application/Minor in business administration (BADM).
- Fluent in French on basic/intermediate level.

- Worked in the electronics department aiding customers.
- Demonstrated good customer service skills.
- Relied on my own expertise to help customers in finding what they really needed.
- Worked in numerous departments requiring an adaptive skillset including paint, photo lab and cashier

ACCOMPLISHMENTS

2015

- As part of my Co Op work term with CCS I hosted an IT Security related booth at the University's Library Carnival on behalf of CCS.

2013-2015

- Received numerous survey reviews back from clients I've helped while working with CCS such as the one below:
"I had Gary and one other gentleman help me with my computer issue today, and they went above and beyond to help me with my computer. Every experience I've had with the IT guys in the library have left me with nothing but the utmost satisfaction, and I know that I can rely on them for whatever computer issue I may have in the future."

2012-2013:

- Received numerous "Shining Star" awards at Walmart for exemplary behavior.

2009

- Built a functioning computer based on self-education and ordering of separate parts.

VOLUNTEER WORK

WOODHALL SENIOR'S HOME

Brampton, ON

- Worked with staff to help residents move about the home.
- Aided in the organization of charity/festive events hosted at the home.
- Utilized interpersonal skills to meet the unique needs of each of the patrons.
